William G. Daly, Vice President
Telecheck International, Inc.
Suite 205
1111 Bishop Street
Honolulu, Hawaii 96813

Dear Mr. Daly:

Thank you very much for sending your only copy of your M.S. thesis. This was an extremely generous gesture on your part. We have now made a copy of it, and have mailed your copy back to you. If you do not receive it in good condition, please let me know.

My interest in your thesis is associated with a graduate course which I plan to offer this fall. At the moment, I am gathering all possible information on game analysis and game playing programs. I am hopeful that past research, some current research of my own, and research stimulated by the course this fall will result in a book which gives rather comprehensive coverage of the subject.

I may, therefore, be contacting you later to ask permission to publish, properly referenced, some of your results, if they seem appropriate to the structure of the book.

Again, my deepest gratitude for your cooperation,

Sincerely yours,

W. E. Walden
Computing Center Director
